DW Reporting announce Pennington Manches Evaluate win

Leading UK Law Firm selects DW Reporting's matter pricing solution 'Evaluate'

DW Reporting, a leading international provider of Financial Business Intelligence and Matter Pricing software are delighted to announce that Penningtons Manches LLP has selected Evaluate to provide their users with an effective, timely and comprehensive insight into their delivery of legal transactions, along with the ability to accurately and intuitively price, track and manage the financial performance of matters within the firm.

"We are honoured that Penningtons Manches has selected our market-leading pricing solution Evaluate, to support their on-going matter pricing, budgeting and tracking requirements, becoming our latest Evaluate client. With an integrated platform, alongside Elite Enterprise, Penningtons Manches will be providing their Fee Earners with the ability to make timely and informed business decisions, as well as supporting proactive client discussions. We look forward to supporting Pennington Manches project team on their firm wide roll out over the coming months." says Richard Hill, Evaluate Regional Manager EMEA for DW Reporting

"DW Reporting are seeing a huge demand for Evaluate, and this further cements our position as a market leading pricing application, with 12+ wins during 2017 to-date in both the UK and North America. This year alone we have introduced 22+ new features to the platform, which have been driven entirely based on feedback from our clients and prospects, we aim to continue to deliver and exceed our client's expectations with this product, and are firmly on our way towards our goal for Evaluate to become the de-facto market offering" concludes Dan Wales, Managing Director DW Reporting.
