

London, October 2015

RPC Selects DW Reporting's Assign Service to underpin their enterprise reporting requirements.

DWR's Assign Managed Reporting Service to assist RPC with their day-to-day reporting and BI needs.

Within the first month of launching the Assign Managed Reporting Service, DW Reporting are pleased to announce that law firm RPC has signed up to use Assign to underpin their strategic and tactical level business reporting requirements.

"DW Reporting's Assign Service is exactly suited to our daily reporting needs," states David Gilmour, Business & Program Architect, RPC. "The information requirements of the firm are very irregular in nature making it difficult to justify a dedicated internal team. Using DW Reporting's Assign Managed Reporting service, we are able to meet the law firm's reporting needs efficiently, effectively and on a flexible basis. This is crucial in a firm which is constantly evolving."

"Assign's unique approach to legal reporting means that clients are able to access skilled legal BI and reporting resource when required, optimising costs and efficiencies." said Jon Roscow, Commercial Director, DW Reporting. "Each law firm's reporting needs are different and with Assign we are able to provide a tailored approach suited to every firm, with the knowledge that their requirements are underpinned by a highly skilled team."

David adds - "Assign provides RPC with an enterprise managed reporting solution that includes full analysis of requirements, development, testing, delivery and team communication. This enables us to provide a smarter service for today whilst retaining the ability to understand, and plan for, our management information needs in the longer term."

"In just one month we have seen significant interest in the Assign Managed Reporting service from law firms of all sizes," states Jon Roscow. "Management information is essential to the success of today's law firm and with Assign firms can provide their teams with this information effectively and without the burden of traditional approaches."

For more information on the ASSIGN service please email DW Reporting at info@dwreporting.com.
