## DW Reporting bolsters UK development team

### *3 new hires to assist with on-going demand for market leading Evaluate solution*

DW Reporting, an international leading provider of Financial Business Intelligence and Matter Pricing software to law firms are delighted to announce the addition of three new hires to their Evaluate development team.

Lawrence Watkins, a co-founder of DW Reporting, re-joins the firm in the role of Solutions Architect, bridging the gap between the ever-growing list of functional ideas and technical delivery, assisted by the addition of Katrin Nitsche and Alejandro Sans, both software developers tasked with assisting the execution of technical delivery. All three hires have joined the firm w/c 17<sup>th</sup> July.

“The addition of these hires are a direct result of the growth in our Evaluate solution, and the market demand for deployment, as well as enhanced features to meet the pressing demands of Matter Pricing and Budgeting within the legal sector” says Samuel Sheldon, Technical Manager at DW Reporting. “We have a very aggressive approach to fulfil our goal to be the market leading pricing solution available for law firms, and by adding to our Evaluate development team overnight ensures we have the foundations to do so” concludes Sheldon.

“I’m delighted to welcome Lawrence back to the business, along with the addition of Katrin and Alejandro” says Dan Wales, Managing Director of DW Reporting. “ And furthermore am delighted that our financial performance continues to enable re-investment into our self-funded approach to growth globally, along with the ability to create jobs. With a couple of hires happening in the next month or so, our global team will be 25+ which is an awesome achievement for the firm” concludes Wales.
