Mishcon de Reya LLP selects DW Reporting Matter Pricing solution - Evaluate

Successful pilot results in full deployment of Evaluate.

DW Reporting, an international leading provider of Financial Business Intelligence and Matter Pricing software to law firms is delighted to announce that Mishcon de Reya LLP has selected DW Reporting's market-leading matter pricing and budgeting solution, Evaluate.

"As a result of a very successful pilot process, Mishcon de Reya has selected Evaluate to support its approach to data-driven matter pricing, budgeting and tracking, enabling greater insights into the efficient management, process and profitability of legal transactions. The solution will now be rolled out to more departments within the firm. Ultimately this technology further enhances the client relationship by providing an up to date and accurate statement of costs incurred against budget. This leads to a more timely conversation with the client should the budget or scope of the matter need to be adjusted" says Richard Hill, Evaluate Regional Manager EMEA for DW Reporting.

"I'm delighted to welcome yet another prestigious law firm into our ever growing user community" says Dan Wales, Managing Director of DW Reporting. "Mishcon de Reya is known for its innovative and collaborative approach to new technologies within the legal sector, and we are very much looking forward to continuing our relationship with the firm" concludes Wales.

"After a lengthy review of the market, and a very successful pilot, we have selected Evaluate Matter Pricing to help the firm provide a more detailed and personalised approach to our pricing of individual matters. Evaluate will allow the firm to be far more detailed and granular in our approach to pricing, with the ability to automatically review historical matter data and use that to help guide future pricing for similar matters. Once the budget has been approved with the client, the tool will also allow us to monitor the budget in real time against actual, thus providing an up to date picture of progress at any point in time, leading to a more informed relationship with the client" – Commented Simon Kosminsky, Chief Information Officer.

About Mishcon de Reya LLP

With more than 700 people, Mishcon de Reya is an independent law firm with an international footprint and offices in London and New York. We service an international community of clients and provide advice in situations where the constraints of geography often do not apply. The work we undertake is cross-border, multi-jurisdictional and complex.

Our clients are dynamic and sophisticated and we reflect that in our belief in challenging the conventional or accepted ways of working. We like to solve problems quickly. We fiercely guard our clients' interests, recognising the significant nexus between business affairs and personal affairs and the ways in which this affects our clients.

We appreciate the privilege of sitting alongside our clients as a trusted advisor. Building strong personal connections to our clients and their businesses is important to us. It is for these reasons we say 'It's business. But it's personal'.
